## GENERAL INFORMATION

This is an out-and-back route that uses the Alcoa/Maryville greenway system which is mostly through wooded parkland. While most of the greenway is paved, there are a couple of segments where the greenway is on sidewalks. Please be extra cautious on these sections. While the route given on the cuesheet is 17 km, clearly there are a number of locations where one can reverse course for a shorter ride.

While we recommend that you bike during daylight hours, the entire length of the trail is lit at night. If you choose to do this event at night, please do so with a group, not alone.

There are restrooms at three locations on the 17K route.
