MVA C&O CANAL YRE OVERVIEW Covering the Y747,748,749,753 Walks, and Y699 Bike Events

The Maryland Volkssport Association is deeply grateful to Merritt “Skip” Magee. Skip established this program, created the original directions, served as P.O.C. with mail-in registration for over a decade, and knows every meter of the towpath. Thank you so much Skip.

General Information: The C&O Canal National Historical Park winds its way 184.5 miles from Georgetown in Washington, DC to Cumberland in beautiful western Maryland. The trail, winding its way along a mostly well-kept towpath nestled between the Potomac River and the canal, is a trip through history, with 74 lift locks, restored lock houses, aqueducts, and the amazing mile-long Paw Paw tunnel. Walkers and cyclists will enjoy spectacular scenery, beautiful river vistas, and abundant wildlife along the trail. There is something here for everyone's pleasure, and the trails count towards many AVA Special Programs.

Walk Event 1 – Y747 (using parts of the towpath from MP 0 to 45)

1-Way Segment 1 Georgetown to Carderock - 17KM
1-Way Segment 2 Carderock to Seneca Aqueduct - 19KM
1-Way Segment 3 Seneca to Whites Ferry - 21 KM
1-Way Segment 4 Whites Ferry to Nolands Ferry – 14KM
Out and Back 11KM – Round trip from Carderock
Out and Back 10KM – Round trip from Fletcher’s Boat House

Walk Event 2 – Y748 (using MP 45 to 86)

1-Way Segment 5 Nolands Ferry to Brunswick - 17KM
1-Way Segment 6 Brunswick to Dargan Bend - 16KM
1-Way Segment 7 Dargan Bend to Lock 38 - 13 KM
1-Way Segment 8 Lock 38 to Dam 4 – 20KM
Out and Back 10KM – Round trip from Lock 38

Walk Event 3 – Y749 (using MP 86 to 141)

1-Way Segment 9 Dam 4 to Williamsport – 25KM
1-Way Segment 10 Williamsport to Ft Frederick – 20KM
1-Way Segment 11 Ft Frederick to Hancock – 19KM
1-Way Segment 12 Hancock to Little Orleans – 27KM
Out and Back 10KM – Round trip from Ft Frederick

Walk Event 4 – Y753 (using MP 141 to MP 184+)

1-Way Segment 13 Little Orleans to Paw Paw – 24KM
1-Way Segment 14 Paw Paw to Oldtown – 17 KM
1-Way Segment 15 Oldtown to North Branch – 14KM
1-Way Segment 16 North Branch to Cumberland – 15KM
Out and Back 10KM – Round trip from Paw Paw
(includes Paw Paw Tunnel)
Out and Back 10KM – Round trip from Little Orleans

Bike Event – Y699 (using MP 0 to 184+)

Bike any portion of the trail from at least 13 km to the entire 300 km (184.5 miles).

Many Trail Options: We offer many ways to enjoy the C&O Canal Towpath experience. As the table above indicates, **walks** can vary from 10 km to 300km, and **bikes** can vary from 13 km to 300 km. Either type can be one-way or out-and-back (round trip). The event documents herewith for the **walk** events have trail directions for specific start and finish points, and turnaround points (for

the out-and-back segments). The start, finish and turnaround points for **bike** events are entirely up to you to decide (although you are welcome to use trail directions for the walks).

The advantage of out-and-back trails, of course, is that you return to your parked car. For 1-Way trails, you might arrange a two-car team, with one car parked at the finish and another driven to the start. To do this for biking, both cars will need to accommodate all of the cyclists and their bicycles.

The location anywhere on the C&O Canal Towpath is usually specified by proximity to the Milepost number (MP), which is the distance in miles from the Eastern-most terminus at the “original” Watergate in Georgetown in Washington, DC. MP 0 is in Georgetown. MP 184 is one-half mile away from the Western-most terminus in Cumberland, Maryland.

Event 747: (using MP 0 to 45) 11K Out and Back from Carderock to Great Falls features beautiful river vistas, Olmsted Island, 6 locks, the famous Great falls Tavern and a National Park Service (NPS) visitor’s center. 10K out and back from Fletcher’s Boat House to Georgetown features 2 locks, Potomac River aqueduct ruins, and the Georgetown NPS Visitors Center. Segment 1, 17K, from Georgetown to Carderock features the Georgetown Visitor’s center and 14 locks. Segment 2, 19K, from Carderock to Seneca Aqueduct features Great Falls Tavern, 10 locks and Seneca Creek Aqueduct. Segment 3, 21K, from Seneca to Whites Ferry features the last active ferry on the Potomac and the Seneca Aqueduct. Segment 4, 14K, from Whites Ferry to Nolands Ferry features the spectacular seven arch, 560 foot Monocacy Aqueduct. All segments feature abundant wildlife and wonderful scenery.

Event 748: (using MP 45 to 86) 10K Out and Back from Lock 38 to the Antietam Creek Aqueduct features beautiful river vistas, lock 38, view of the Shepherdstown bluffs and Packhorse Ford. Segment 5, 17K, from Noland’s Ferry to Brunswick features a view of Furnace Mountain and, with a brief detour across the pivot bridge, the Victorian train station in Point of Rocks. Segment 6, 16K, from Brunswick to Dargan Bend features a gap through South Mountain ridge (the divide between Maryland’s Frederick and Washington counties), 6 locks, and the opportunity for a short detour into historic Harpers Ferry. Segment 7, 13K, from Dargan Bend to Lock 38 features the Antietam Creek Aqueduct. Segment 8, 20K, from Lock 38 to Big Slackwater features cliffs with caves, and Dam 4. All segments feature abundant wildlife and wonderful scenery.

Event 749: (using MP 86 to 141) 10K Out and Back from Fort Frederick (State Park) features the elegantly restored stone walls of Fort Frederick and the Big Pool canal area. Segment 9, 25K, from Dam 4 to Williamsport features cliffs and caves along Big Slackwater, McMahon’s Mill and the Visitor’s Center in Williamsport. Segment 10, 20K, from Williamsport to Fort Frederick features the National Park Service visitor’s Center in Williamsport, Conococheague Aqueduct, Dam 5, and

the handsome Fort Frederick. Segment 11, 19K, from Fort Frederick to Hancock features Fort Frederick, Big Pool, and Licking Creek Aqueduct. Segment 12, 27K, from Hancock to Little Orleans features interesting rock faces and beautiful views as the canal enters “The Endless Mountains”. All segments feature abundant wildlife and wonderful scenery.

Event 753: (using MP 141 to 184+) 10K out and back from Paw Paw features the remarkable Paw Paw canal tunnel. Almost a mile long, this engineering marvel is well worth seeing. Bring a flashlight. 10K out and back from Little Orleans features the 15 Mile Creek Aqueduct. Segment 13, 24K, from Little Orleans to Paw Paw features interesting scenery as the tow path runs beside Green Ridge State Forest and passes through the Paw Paw tunnel. Segment 14, 17K, from Paw Paw to Oldtown features Town Creek Aqueduct, and a nicely restored lock and lock house at Oldtown. Possible short side trips include the Potomac Forks at mile 164.8 and the low water toll bridge in Oldtown. Segment 15, 14K, from Oldtown to North Branch features 5 locks and some interesting vistas. Segment 16, 15K, from North Branch to Cumberland features the Evitts Creek Aqueduct and the canal terminus at Cumberland with its full size canal boat, the historic Western Maryland Railroad Station, and the excellent Park Service Visitor’s Center. All segments feature abundant wildlife and wonderful scenery.

Event Y 699: The entire C&O Canal Towpath is sanctioned for the bike event. You pick your distance 13km to 300km.

Trail Rating: All segments are rated 1B and are on mostly gravel but sometimes natural surfaces (and sometimes mud and puddles) along the towpath. Individual sections of the towpath may have a rough surface due to erosion caused by wear and wet weather. Strollers and Wheelchair users may have difficulty in places.

Start/Finish Times/Conditions: The towpath is accessible every day of the year. Only during periods of flooding, heavy snowfall, or maintenance would access be restricted. If in doubt, call the National Park Service (NPS) for park opening information. You may walk on the towpath only from dawn to dusk. Camping is available in designated areas; get info from the NPS. Leave yourself enough time to complete your walk before dusk. Pets must be leashed. Please clean up after them. The towpath is a trash-free park where you must carry out your refuse.

Transportation: Everyone is responsible for arranging their own transportation. It is best to walk the more remote segments with another individual or a group as you may be far from help if you need assistance. Cellphone service is spotty in some sections.

Refreshments: You must carry sufficient food and water to last throughout your walk. There are scattered locations where food and drink are available but their opening is seasonal so you should not rely on them. Water pumps are not available in hiker-biker camps between October and April. Do not rely on them for water.

Eligibility: Everyone is eligible to participate. An adult must accompany children under 12 at all times on the trails.

Disclaimer: Every effort has been made to make these walks safe and enjoyable. AVA, MVA and the National Park Service shall not be held responsible for lost or stolen items, accidents, or injuries at any time. If you are walking one of the remote segments, please remember to leave an itinerary with a close friend or relative in case of emergency.

A to Z note: The letters B, C, D, F, H, L, N, O, P, S, T, and W are available. Contact the POC for specific information.

Maryland counties note: Segments 1 thru 4 are in Montgomery County, Segments 4 thru 6 are in Frederick County, Segments 6 thru 12 are in Washington County and Segments 12 thru 16 are in Allegany County.

A number of good guides to the C&O Canal's history, structures and amenities are available including Towpath Guide to the C&O Canal, and The C&O Canal Companion. Books are available for purchase in all of the C&O Canal NPS Visitor Centers.

The C&O Canal “is a place of retreat, a long stretch of quiet and peace ...” Justice William O. Douglas, 1954

C&O Canal Driving and Parking Directions Y753 (MP 141 to 184+)

- Segment 13 - 24 Km - Little Orleans to Paw Paw Tunnel (one-way)
- Segment 14 - 17 Km - Paw Paw Tunnel to Oldtown (one-way)
- Segment 15 - 14 Km - Oldtown to North Branch (one-way)
- Segment 16 - 14 Km - North Branch to Cumberland (one-way)
 - 10 Km - "Out & Back" from Paw Paw Tunnel

Directions:

To Little Orleans (Google Maps: Fifteen Mile Creek Boat Ramp: 39.625676, -78.385532):

Take I-70 West to Hancock and at exit 1A, bear LEFT onto I-68 West toward Cumberland for 11.7 miles to exit 68, "Orleans Road." On your way you'll pass the Sideling Hill Exhibit Center. It is certainly worth a visit, especially if you have children. At the top of the ramp, turn LEFT on Orleans Road South for 5.7 miles. Turn LEFT onto High Germany Road. Go under the railroad trestle and turn RIGHT "Fifteen Mile Creek." Follow the road down to the parking area near the water. Do not park in the camping area.

From Little Orleans to Paw Paw Tunnel: Leave Little Orleans under the trestle to the "T" and a stop sign. Turn RIGHT on Orleans Road for 5.7 miles to LEFT turn onto I-68 West. Follow I-68 West to exit 43C "Downtown" in Cumberland. On your way you'll pass the Sideling Hill Exhibit Center. It is certainly worth a visit, especially if you have children. Turn LEFT at the bottom of the ramp onto Harrison Street to the traffic light. Cumberland's Railroad Station, which houses the NPS Visitors Center and Tourist Office plus other displays, is straight ahead and well worth a visit at any time. Turn LEFT at the traffic light onto S.Mechanic Street, staying in the right lane, to another traffic light. Continue straight ahead on Route 51 South for approximately 28 miles to a LEFT turn into the Paw Paw Tunnel parking area. DO NOT drive over the bridge into West Virginia.

To Paw Paw Tunnel (Google Maps: Paw Paw Tunnel Campground: 39.544372,

-78.460933): Take I-70 West to Hancock and at exit 1A, bear LEFT onto I-68 West to exit 43C "Downtown" in Cumberland. On your way you'll pass the Sideling Hill Exhibit Center. It is certainly worth a visit, especially if you have children. Turn LEFT at the bottom of the ramp onto Harrison Street to the traffic light. Cumberland's Railroad Station, which houses the NPS Visitors Center and Tourist Office plus other displays, is straight ahead and well worth a visit. Turn LEFT at the traffic light onto S.Mechanic Street, staying in the right lane, to another traffic light. Continue straight ahead on Route 51 South for 28 miles to a LEFT turn into the Paw Paw Tunnel parking area. DO NOT drive over the bridge into West Virginia.

From Paw Paw Tunnel to Oldtown: Turn RIGHT from the parking lot onto Route 51 North for 10.2 miles to Oldtown Road (there'll be a brown C&O sign on Rt 51). Turn LEFT for a very short distance on Main Street to a "T." Turn RIGHT on Odessa Street for .2 miles to Green Spring Road, passing the Oldtown School on your left. Turn LEFT on Green Spring Road for .1 miles and look for the brown C&O Canal sign "Oldtown" on your right.

To Oldtown (Google Maps: Oldtown: 39.540452, -78.612383): Take I-70 West to Hancock

and at exit 1A, bear LEFT onto I-68 West to exit 43C “Downtown” in Cumberland. On your way you’ll pass the Sideling Hill Exhibit Center. It is certainly worth a visit, especially if you have children. Turn LEFT at the bottom of the ramp onto Harrison Street to the traffic light. Cumberland’s Railroad Station, which houses the NPS Visitors Center and Tourist Office plus other displays, is straight ahead and well worth a visit. Turn LEFT at the traffic light onto S.Mechanic Street, staying in the right lane, to another traffic light. Continue straight ahead on Route 51 South for 14.4 miles. Turn RIGHT on Main Street to a “T.” Turn RIGHT on Odessa Street for .2 miles to Green Spring Road, passing the Oldtown School on your left. Turn LEFT on Green Spring Road for .1 miles and look for the brown C&O Canal sign “Oldtown” on your right.

From Oldtown to North Branch: Leave “Oldtown” and turn LEFT onto Green Spring Road for .1 miles. Turn RIGHT on Odessa Road passing the Oldtown School for .2 miles to turn LEFT and follow the road with double yellow lines to Route 51 at a stop sign. Turn LEFT on Route 51 North for 9.0 miles, passing “NPS Spring Gap” at 6.9 miles. Look for the C&O Canal “Lockhouse 75” sign on Route 51 and turn LEFT on P.P.G. Road (the old PPG factory used to be here) for .5 miles. Take the second left at the large brown C&O Canal sign to “North Branch” and head for the canal boat replica.

To North Branch (Google Maps: C&O Canal Lock 75: 39.587464, -78.742064): Take I-70 West to Hancock and at exit 1A, bear LEFT onto I-68 West to exit 43C “Downtown” in Cumberland. On your way you’ll pass the Sideling Hill Exhibit Center. It is certainly worth a visit, especially if you have children. Turn LEFT at the bottom of the ramp onto Harrison Street to the traffic light. Cumberland’s Railroad Station, which houses the NPS Visitors Center and Tourist Office plus other displays, is straight ahead and well worth a visit. Turn LEFT at the traffic light onto S. Mechanic Street, staying in the right lane, to another traffic light. Continue straight ahead on Route 51 South for 5.5 miles until you see a sign for the C&O Canal “Lockhouse 75.” Turn RIGHT on P.P.G. Road (the old PPG factory used to be here) for .5 miles. Take the second left at the large brown C&O Canal sign to “North Branch” and head for the canal boat replica.

From North Branch to Cumberland: Turn RIGHT out of North Branch for .5 miles to Route 51. Turn LEFT on Route 51 North for 5.5 miles to Cumberland. After crossing the bridge, get into the left lane and follow the “Route 220 North/I-68 East” signs thru one traffic signal to a second traffic signal. Turn LEFT into the parking lot in front of Cumberland’s Railroad Station.

To Cumberland (Google Maps: Cumberland Visitor Center - C&O Canal National Historical Park: 39.649433, -78.762729): Take I-70 West to Hancock and at exit 1A, bear LEFT onto I-68 West toward Cumberland for approximately 37 miles to exit 43C “Downtown” in Cumberland. On your way you’ll pass the Sideling Hill Exhibit Center. It is certainly worth a visit, especially if you have children. Turn LEFT at the bottom of the ramp onto Harrison Street to the traffic light. Cumberland’s Railroad Station, which houses the NPS Visitors Center and Tourist Offices, is straight ahead and worth a visit. Continue straight ahead to the parking lot.

C&O Canal Trail Directions Y753 (MP 141 to 184+)

Combined, the directions for the C&O Canal towpath cover 184.5 miles and hundreds of points of interest. Most of the information doesn't need updating, but some changes will occur due to Mother Nature, trail maintenance, and other factors. It is hard for the Event POC to keep apprised of such changes in order to keep the trail directions current. Please e-mail the POC with any changes you find on the trail. Fortunately it is somewhat hard to get lost on the trail since it for the most part parallels the Canal and the Potomac River, and there are very few turns. However, it is good to be aware of how far it is to water, food, shelter, toilets, emergency services and transportation.

Note on the numbering of trail directions: Step-by-step directions are introduced with a five-digit number indicating the distance in meters from the starting point **of the segment**. 00000 is the starting point for the segment. 01000 is 1,000 meters or 1 km up the trail from the starting point. 10000 is 10,000 meters or 10 km up the trail from the starting point. ...etc. MP is milepost (distance in miles **from the start of the towpath in Georgetown**). LL is a sequential number for each Lift Lock beginning with LL 1 in Georgetown. At each lock on the canal, look for small brown numbered signs. Some Lift Locks no longer exist, so their number may be skipped in the directions.

These walk directions and maps may only be used in conjunction with a signed American Volkssport Association athletic waiver. All other uses are prohibited.

In case of Emergency: Dial 911

www.nps.gov/choh

Explore the Park

Biking

The Canal Towpath provides 184.5 miles of gravel path for biking.

- Ride single file
- Bells and helmets are recommended
- Stay to the right except when passing
- Yield right of way to all pedestrians and horses
- Children must wear bike helmets
- Walk bike across aqueducts

Boating and Fishing

Non-motorized boats are allowed in watered sections of the canal, motorized vessels are prohibited.

- Boat ramp access to the Potomac River can be found on the park map
- Personal Flotation Devices are required by the State of Maryland

Fishing in the Canal and River is regulated by the Maryland Department of Natural Resources. Visit www.dnr.state.md.us for more info

Dog Walking

Dogs are permitted in the park. They must be on leash no longer than 6 feet and under the owner's physical control. Dogs are not permitted on Olmsted Island and Billy Goat Trail A.

Hiking

The C&O Canal has a variety of hiking opportunities for all skill levels. In addition to the 184.5 miles of towpath, there are 14 miles of trails in the Great Falls area as well as the 2 mile Paw Paw Tunnel Trail.

Hiking (cont'd)

- Trail maps are available at visitor centers
- Bring water
- Wear sturdy footwear
- Be prepared for changing weather conditions

Horseback Riding

Horses are permitted on the towpath from Swains Lock (mile 16.6) upstream to Candoc/Offutt Street (mile 181.8). Horses are NOT allowed at the following locations:

- Georgetown (mile 0) to Swains Lock (mile 16.6)
- Candoc/Offutt Street (mile 181.8) to Cumberland Terminus (mile 184.5)
- Paw Paw Tunnel
- Drive/walk-in campgrounds
- Picnic areas
- All other hiking areas

Picnicking

Group picnicking is available at the Carderock Pavilion. Accommodations for up to 200 people are available. An advanced permit is required and a fee is charged. Reservations can be obtained by visiting www.recreation.gov. Call 301-767-3703 for more information.

Swimming

Swimming is not permitted in the canal, or in the Potomac River bordering the District of Columbia and Montgomery County, MD. Swimming is not recommended in other areas of the river.

Firearm Regulations

Federal law allows people who can legally possess firearms under applicable federal, state, and local laws to carry firearms in this park. Federal law also prohibits firearms in certain facilities in the park. Those places are marked with signs at all public entrances and include visitor centers and lockhouses.

Firewood Restriction

Due to an infestation by the emerald ash borer beetle, a park wide ban is in effect on bringing in your own firewood. Campers may collect dead and down wood in the park.

Leave No Trace Principles

C&O Canal is a trash free park. Please take trash and dog and horse waste with you. Trash bags are provided at dispensers located throughout the park.

For a complete listing of park rules and regulations please visit the Superintendent's Compendium: www.nps.gov/choh/parkmgmt

Other Ways to Enjoy the Park

Bike Loaner Program: This FREE program is offered on weekends at the Great Falls Tavern Visitor Center, weather permitting and daily when the Williamsport Visitor Center is open.

Family Backpack Activity - Stop by the Great Falls Tavern Visitor Center and “check out” one of our family backpacks full of activities and gear to help children and adults enjoy the park. Offered Memorial to Labor Day 2016.

Junior Ranger Program: Ask for an activity booklet at any of our Visitor Centers

Education Programs: Field Trips are currently offered at our Cumberland, Williamsport, and Great Falls locations. Please call 301-714-2213 or email cocanaleducation@nps.gov for more information.

Featured Hiking Trails

For a complete list of hiking trails in your area visit the nearest visitor center

Olmsted Island Bridges to Great Falls Overlook

Paved trail over a series of bridges and boardwalks across the river ending at the Great Falls overlook. Spectacular view of the Falls and the head of Mather Gorge. Handicap Accessible. Dogs are not permitted.

Billy Goat Trail Section C

Scenic river views and a small waterfall are encountered on this trail. Excellent wildflower and birding area.

Ford Mine Trail

Woodland trail leads over streams and across hills to remains of historic gold mining operations, dating 1880's through 1921.

Overlook Trail

Begin at the Lock 19 trailhead, located near the Great Falls Tavern Visitor Center. Take the Lock 19 Trail and bear right at the first intersection onto the Overlook Trail. This trail connects to the Gold Mine Spur.

Billy Goat Trail Section A

Be prepared for this trail. See cautions. It is a very physically demanding trail. Scrambling over angled rocks, boulders and climbing are required. Views of Mather Gorge and river. Trail follows cliff along river and rejoins towpath 0.7 mile north of Anglers Inn. Trail makes a 3.7 mile loop via Towpath. There are no shortcuts over rocks. Dogs are not permitted.

Paw Paw Tunnel Hill Trail

Hike over the top of the Paw Paw Tunnel. Interpretive signage points out resources along the way. Views of the Paw Paw Bends. Contact the Cumberland Visitor Center for upcoming guided tours.
